Prologue

The morning sun rises quietly. Yellow thread-like rays slip through the clouds with warmth and softness. Light sweeps along the sky—gently, the sun awakens life.

A daily pattern is followed by the fiery star which cannot be changed. Just as the dawn is born, it must also die—traveling onward, becoming afternoon and then, setting silently into the glorious dusk . . .

In the beginning, the early morning

Our sparkling pep squad shines with their colorful spirit. Front row: Barb Mink, Barb Riehl, Candy Roberts, Liz Martin, and Jo Sayama. Bank row: Cyndie Rogers, Debbie Meadows, RaNel McKee, Joyce Simpson, Kathy Kallenberger, and Dianna Hamer.

Sunrise awoke the school year.

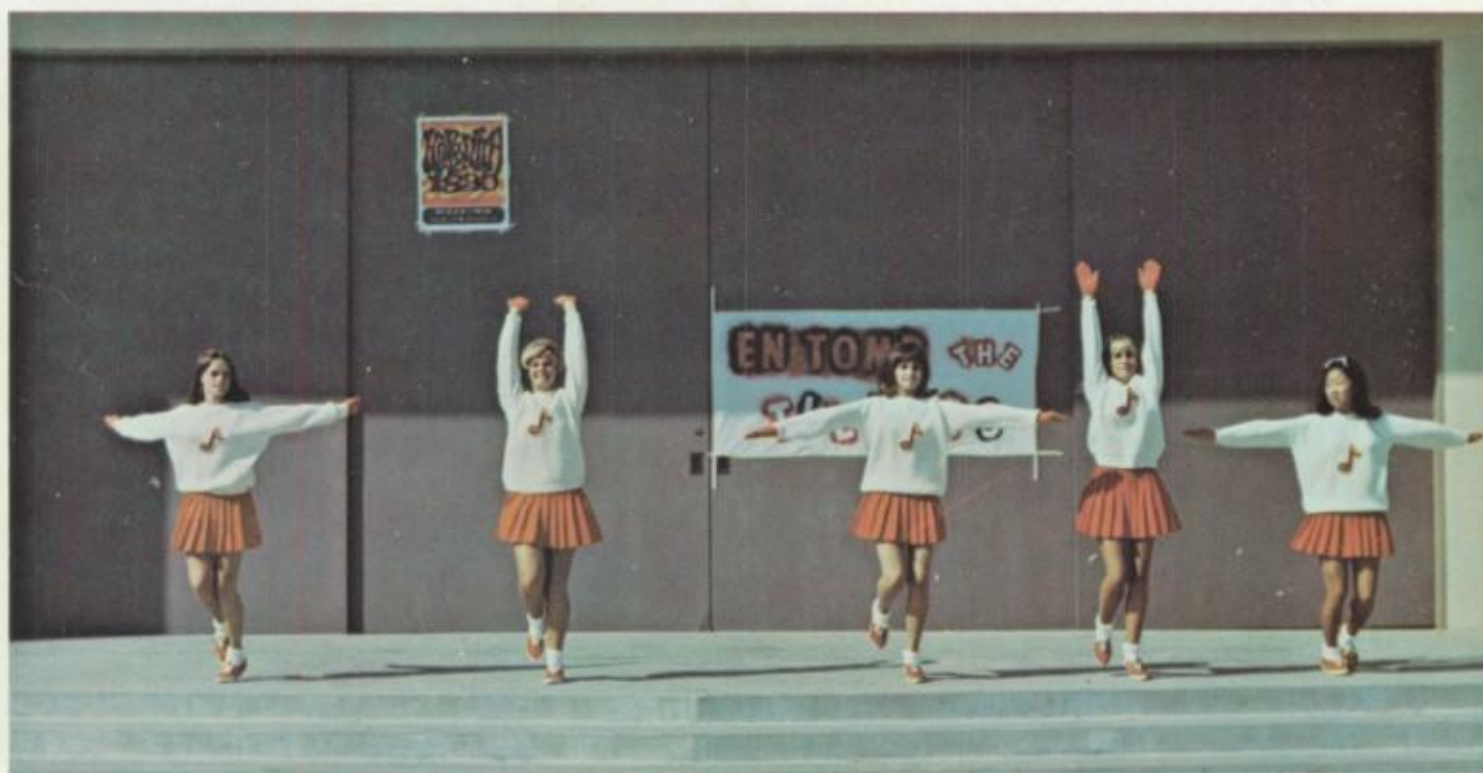

Early in the morning, Mr. Davis, student biology teacher, has Drew Roberts and Rick Davidson thoroughly involved.

Daybreak arrives with the quiet rising of the sun. Gradually, life and all its brilliance flows into the day, developing into radiant noontime. As the dimness sets in, the sun sleepily gives way to the twilight. It was a proud year — for bewildered sophomores and the class that departed.

Colors blossomed,

Morning time finds Gordon Owens and Jim Kendall raising our national and state flags.

These past school days have been filled with joys and sorrows of all kinds. Every student has willingly become a part of Orange High through participation in activities and studies. Meeting each day under the path of the sun, the students entered into many new, friendly relationships. Tests were passed and games were won. Life continued running in its familiar, smooth way — just as that fiery star follows its daily orbit.

Bubbling with personality is Mrs. Ridenour, one of our biology teachers.

Our teams were tugged to victory by the Panther yell and song leaders: Barb Mink, RaNel McKee, Liz Martin, Kathy Kallenberger, Barb Riehl, Debbie Meadows, Candy Roberts, Joyce Simpson, Jo Sayama, and Dianna Hamer.

exciting activities and study continued.

Orange City's Chief of Police, Harold Richardson, prepares to enter a helicopter to view the fire area.

Fire — man's most disrespectful servant — roared into Orange County carried by a Santa Ana wind. Before it was brought under control, it had taken one life and destroyed 46 homes, including 11 other structures. The fire burned 48,639 acres to become the largest and most disastrous fire in the county's history.

At its peak, the shifting fire was opposed by an army of 1,400 firefighters from all over Southern California plus hundreds of policemen, deputy sheriffs, California Highway Patrol officers, communication experts, drivers, volunteer workers, cooks, and many others needed to help serve the firefighters.

Its disastrous effects will be felt in the county for years.

a vivid school year from dawn to dusk.

Pep Band members take part in the class competition yells.

During Wolley Segap's prediction on the outcome of a game, Dianna Hamer smiles with approval.

Sophomores experienced their first year at the Orange High campus. Since that September morning, they have learned many things. Juniors completed the second year, a time of next highest and next best. They looked forward to their year of strength.

Seniors — the leaders and giants of the school. Their three years at Orange are finished forever. They may only return as visitors to gaze at a school where they no longer belong. Yet, a part of their spirits will dwell here for eternity.

The main force and strength of the school, Seniors, use a much appreciated bench. Seniors are: Dave Jones, Ross Royster, Barb Allensworth, Bill Hallman, Louie Petty, Dione Ziemer, Karen O'Hara, Jeri Garrison, Phil Werner, Debbie Becker, and Shelley Norton.

Dawn . . .

Morning, a time of freshness and vitality, is very much a part of school life. It is a time many students wish to erase from their schedule, yet the day would not be the same without it.

Just before classes begin, the lonely halls gradually fill, spreading the sounds of chattering voices and echos of laughter. In the library, many students gather to get that last minute of studying done or just to get a little bit warmer. The attendance office is always crowded in the early morning hours with students checking back into school. When the bell rings, students slowly begin to move to their separate rooms. Morning—a unique and wonderful time of the day . . .

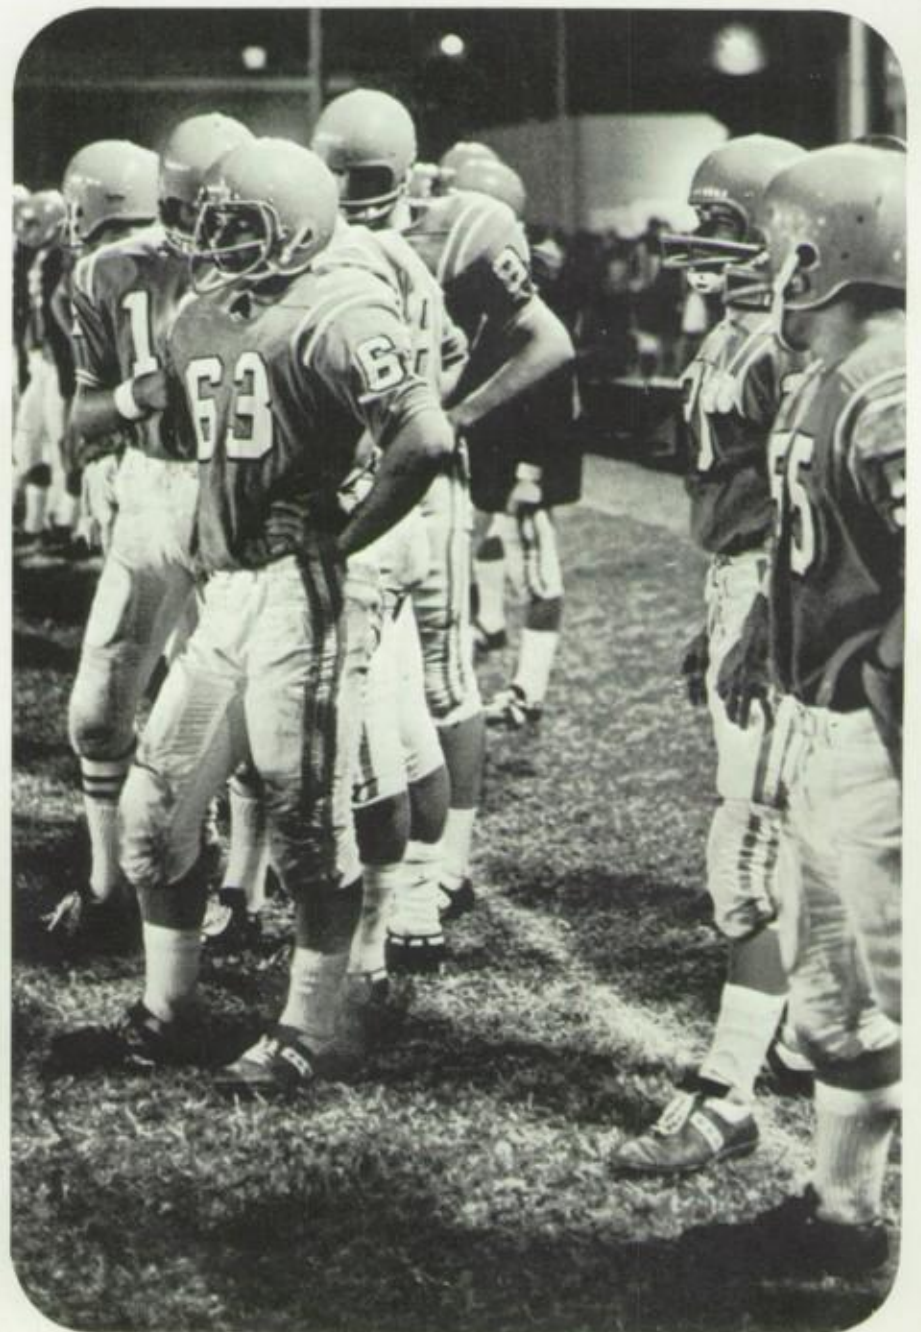

... Dusk

After darkness sets in and spreads a black shadow over the school, many important and thrilling activities take their course. It is a time wished for and waited for by many of the students.

Games were a highlight of the night time action. Football season, with its halftime ceremonies, entertained the entire Panther crowd. Basketball drew numbers of people and gave the students a chance to do something on the winter week-ends. Dances generated a great amount of enthusiasm throughout the whole year. Formal dances held a special meaning for everyone, while after-game dances, Homecoming, the dawn dances, and Girl-Date-Boy were more than sensational. Those nights—beautiful and unforgettable times of our lives . . .

A NASA representative tells how travel will be in the future.

Activities are pretty important—they make the days fly by faster. Sports and clubs draw just about every student into activities, but not always. So assemblies are just as important. Every student can enjoy a break from the regular schedule. Though assemblies aren't always numerous, they add interest to the school and the daily routine.

The Homecoming court posed for one last picture during this evening of excitement.

On Homecoming night, Orange High witnessed two victories. The Panther football team smashed Mission Viejo 46-6, while beautiful Chris Palmer was announced as the victorious candidate for Homecoming Queen. Throughout the week preceding the game, tension ran high while students voted for the 1967 Homecoming Queen. Chris was the perfect queen and Kathy Kallenberger was her Maid-of-Honor.

The half-time entertainment followed along the theme of "Touchdown Triumphs—Past and Present". The Homecoming Queens and football captains from the past five years were presented and Terry Kohlhasse crowned Chris in a moment of smiles and happy tears.

Ask not what your school can do for you—but what you can do for your school. Throughout the year I have kept this thought in mind and attempted to perform my duties with the best of my ability.

I cannot express the extent of my appreciation and gratitude for the support of my cabinet and the dedication that they have to OHS.

My hope is that Orange High School's future will be as prominent as its past.

May success be yours,

To give the students a deeper understanding of the city government, the Optimist Club sponsors the "youth in government day" every year.

Certain seniors were chosen from A.D. classes to hold different city offices for the day. Each elected student lunched with the actual city official that he was to replace for the day.

In order to more clearly understand the city government, the students attended a city council meeting. On the following evening, they held their own meeting in the Civic Center.

Youth in Government Day enabled seniors to better understand and appreciate the workings of city government.

Hail to Orange High!

Why can't we win 'em all?

I just love to pounce on rivals!

Out among the groves of Orange . . .

Do I have to go?

Symbol of the OHS spirit is Patty Panther, the school mascot. This year Cyndie Rogers was Patty Panther. She has helped the yell and song leaders spread the spirit and pep around the campus.

At the football games, Cyndie was right in there fighting, along with the pep squad, to support the team. During basketball season, Cyndie wore her ears and tail proudly—especially at the Villa Park game, when she ran into the spotlight and roused the Panthers to screaming.

In the pictures on this page, you can find Patty Panther up to some of her tricks at the Orange City Plaza.

Well! Here goes nuthin'!

Bev Smith has led an active Girls' League this year. Under her leadership, the officers have formed Girls League into one of the most active groups at Orange High.

The main purpose and goal of Girls' League is to unite the girls of OHS. They've helped the school and community in a thousand ways.

At Christmas, Girls' League collected canned food for the Friendly Center. They have, also, supplied scholarships to Orange High students.

Every month Girls' League honors three worthy girls from each class—they are known as Girls-of-the-Month.

Seniors captured awards in citizenship,

Betty Crocker award winner: Cheryl Glancy.

Jodi Gilmer was selected from twelve senior girls to receive the 1968 Daughters of the American Revolution Award for Orange High School. Jodi was chosen because she possessed the six categories designated by the D.A.R. organization including leadership, loyalty, responsibility, patriotism, scholarship, and citizenship.

Jodi attended a tea given for the D.A.R. award winners and received a gold pin and certificate. She also participated in an examination on American history in hopes of becoming the district winner.

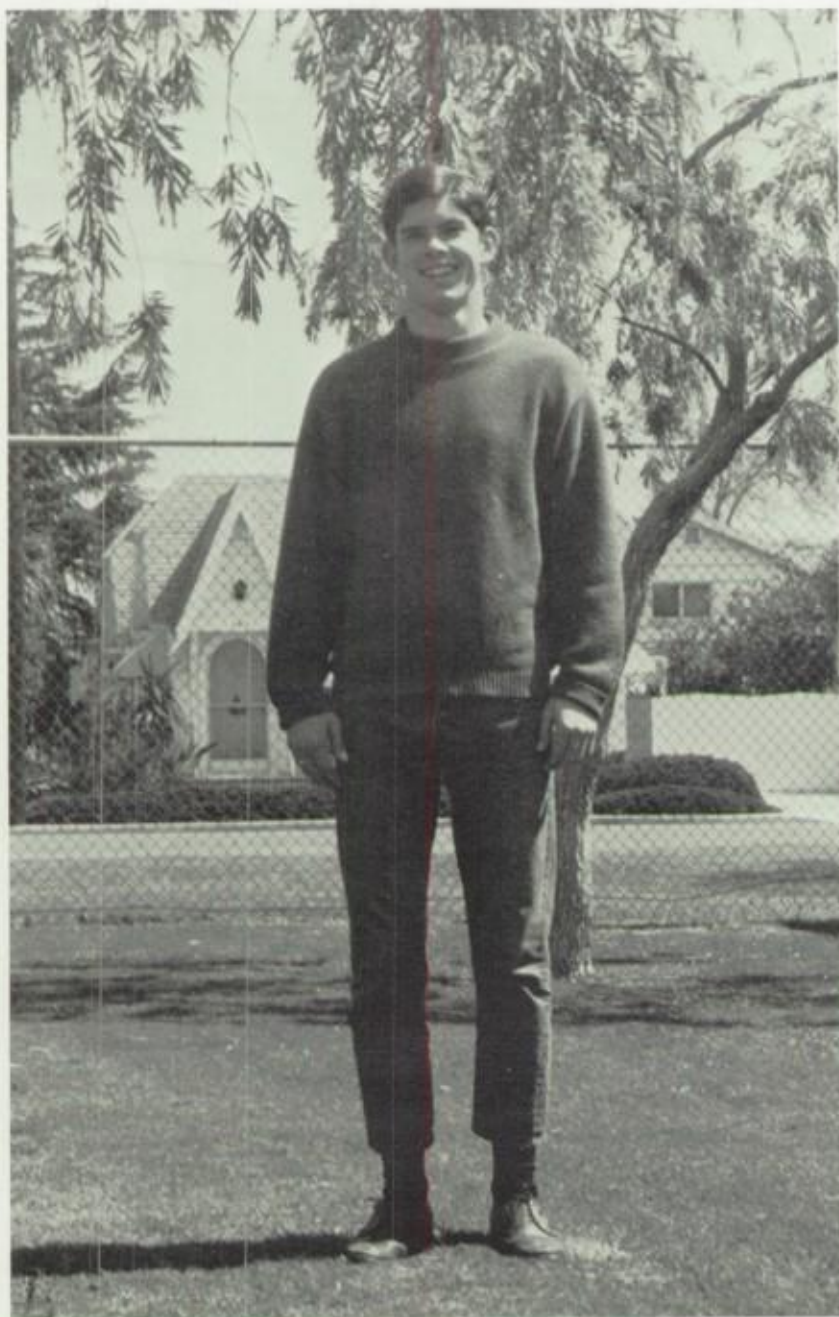

Cheryl Glancy, an active senior at Orange High School, has been named the 1968 Betty Crocker Homemaker of Tomorrow for Orange High School. Cheryl finished first in a written knowledge and attitude examination for senior girls.

General Mills gave Cheryl a specially designed silver charm and she also became eligible for state and national scholarship awards.

Foreign exchange students created

Britta Balzar from Germany.

Ki, Choong Cho from Korea.

Lindi Klatt from Germany.

Each foreign exchange student has contributed to the education of all Orange students. This year, Orange was privileged to have more than its share of these outstanding people.

The Orange Chapter of American Field Service did its part in extending relations to other areas of the world through sponsoring several foreign students, and sending Carolyn Fonley to Africa.

Under the leadership of Cheryl Glancy, AFS president, the AFS has attempted to present a clear picture of American living to each of the foreign exchange students.

World understanding and knowledge.

Dear Fellow Students:

The 1968 ORANGE and WHITE presents the essence of Orange High from DAWN TO DUSK. We have strived to capture our school in its entirety, throughout its various phases of the day.

Without the co-operation and total interest of the annual staff, this book would lack merit. I would also like to thank Mr. Craig, the faculty, and administration for their valuable assistance. This helpfulness has been traditional of the people at OHS and is greatly appreciated.

Though our dusk is rapidly approaching, there will be a new dawn for the incoming sophomores. We sincerely hope that your journey from DAWN TO DUSK is as rewarding as ours.

Sincerely,

Roger Hobbs.

the production of the 1968 annual.

Annual Advisor: Mr. Craig

Business Manager: Karen Burns

Copy Editor: Roberta Bryant

This year's annual has been of special concern to each staff member. Right from the beginning, they planned to present the best ORANGE and WHITE ever distributed to the OHS students.

Roger has been the perfect editor. He was always organized and willing to help any staff member meet their deadline, day or night.

The advisor, Mr. Milton Craig, has been more than helpful. He was the main force and the essential factor in the annual's production.

Copy Editor, Roberta Bryant, spent many hours writing copy, headlines, and captions.

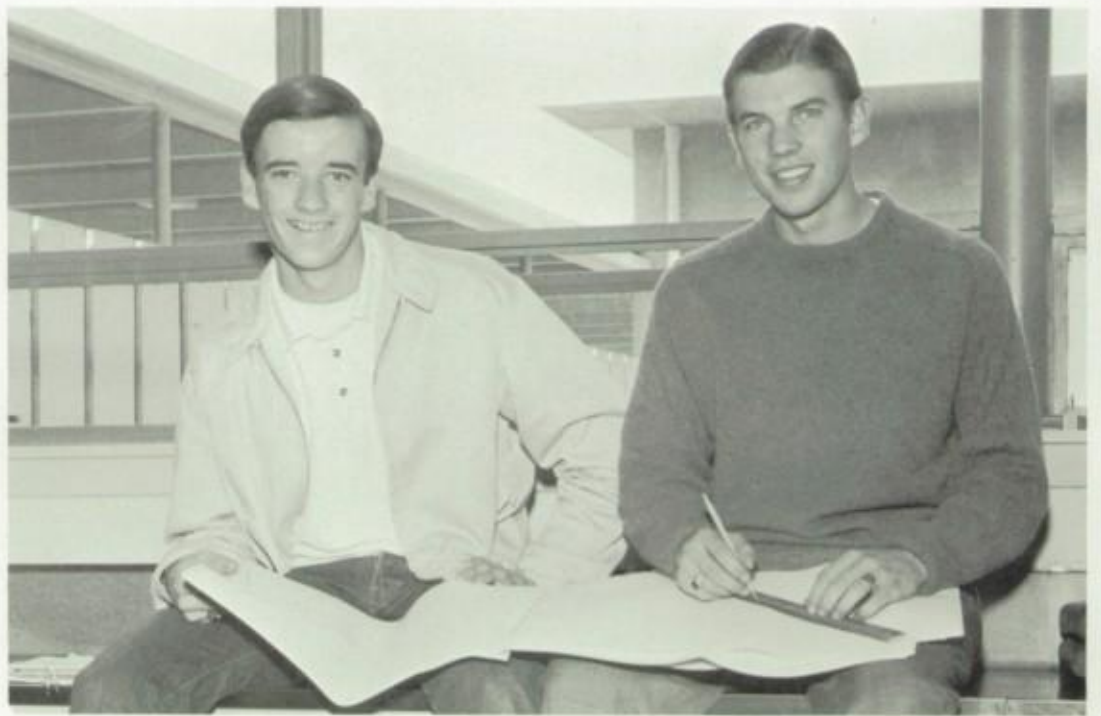

Karen Burns, Business Manager for the annual, took charge of the sales and all of the publicity.

Even though a great deal of hard work and energy go into the publishing of the yearbook, there are many rewarding moments—selecting a theme, completing a section, and finally getting the book into print.

The staff members passed the year

STUDENT LEADERS: Barb Riehl, Jeri Garrison, Karen O'Hara.

BOYS' SPORTS: Rick Mace, Paul Schliebe

GIRLS' SPORTS: Debbie Meadows, Dianne Bonk.

Each section of the yearbook has its own editor, assistants, and a deadline. It is the responsibility of the section editor to see that the deadline is met on time. He must plan out the section and coordinate all of the work that goes into it. The assistants help the editor to lay-out the pages, get pictures, and identify the people. The assistants are of great importance to the editor, and without them much of the work would have been done by the editor alone.

Seniors

Editor: Pat Kelley

Senior Class Vice-President: Ross Royster.

The dusk and all of its glory symbolize the superior senior class. The Class of 1968 was guided by the proficient leadership of the class officers and senior steering committee.

Seniors began their final year with plans for the Coronation Ball. Seniors Bev and Dennis were crowned as the royal couple at the beautiful Balboa Pavilion. Through the cooperation of all seniors, senior seating was continued for all assemblies. During football season, energetic seniors attained the right to fly the Senior flag. Senior Superlatives were chosen by American Democracy classes for being outstanding seniors. This spring all seniors were honored guests of the junior class at the annual Prom. The arrival of Ditch Day allowed the seniors to leave school legally.

By the time June began, the seniors were approaching the goal they had attempted to reach all their lives . . . graduation. The day they had waited for came with a mixture of joy and tears. The sun had finally settled below the horizon, but the Class of 1968 realized that it was not the end . . . it was only the end of the very beginning.

place position in the league standings.

When we were high, we were very, very high; but when we were low, brother, it was depressing . . .

For the Orange High Panthers, the 1967 football season began with all the earmarks of a spectacle. The pre-season game with Bolsa Grande proved the Panther gridgers to be better than expected, and the final score showed why. In the league opener, however, Orange High's unfortunate loss to El Modena caused such depression that the shock carried over to the Foothill game; and out of four games the mighty Panthers had won only two — depression was heavy.

After a period of frustration, the Panthers made a brilliant comeback by defeating the Tustin Tillers at their own homecoming. The Orange High "spoilers" were very, very high and Coach Brashears danced on the Tustin gridiron.

The Panther spirit continued to roar high for the rest of the season. The final league game found Orange High facing cross-town rival, Villa Park, on the Chapman College battle ground. Orange had all the weapons to throw at the Spartan underdogs, and those "guys on the hill" didn't have a chance. The sounding of the fourth-quarter gun ended a satisfying season, with the Panthers holding the second place spot in the Crestview League.

So Long, Seniors

Somehow there's a tinge of sadness when the team's Seniors depart—
 Weary, grimy, and with mem'ries locked away in brawny hearts,
 One by one with heads bowed grimly trotting off the battleground—
 Nevermore to thrill the crowd or shove the cleated foe around.
 So with fleeting reminiscence do we say adieu today—
 To the Senior backs and linemen who have entered their final fray.
 So long Coleman—good old Greg, and to Andy Allison a sad adieu!
 Next year's gang won't seem the same without these trusty two.
 Dagley, Porter, Wassiliew, Deem, Sense, Holmes,—they weren't so bad!
 Rogge, Churchward, Sutton, Maize, and that guy—Lemke, who've always shown the best they had.
 Heroes come and heroes leave us; yearly the parade moves on.
 New stars surge up, flare in brilliance, lit up by new glory won—
 Though others soon will win the roars; and cheers you used to know—
 All our hearts are with you fellows, we hate to see you go.

THE MAKING OF LEAGUE CHAMPIONS

While facing the pre-season predictions of a 3rd place finish in the Crestview League race, the Orange High Panthers bounced up to clinch the league title and placed the expectant Spartans in the second place slot.

Orange High followed one of the hardest schedules, playing 8 games on the home court and 7 games in a row on the road. The spirit of victory helped push the Panthers to the championship.

One of Orange High's greatest moments was defeating the Villa Park Spartans on a glorious Tuesday afternoon in the Hod Chamber's gym. Both teams were tied for 1st place, but the Orange cagers knocked the Spartans out in overtime and captured the league.

The dark horse of the Crestview League faced the Ganesha Giants at Fullerton Junior College and out shot them in the CIF playoffs. In the battle with Garden Grove for further position in CIF, the Panthers lost the game during the first half. Their valiant comeback was too little and too late; however, Coach Hamer considers this season the best ever.

Sophomore David Porter drives hard for two against the Spartans.

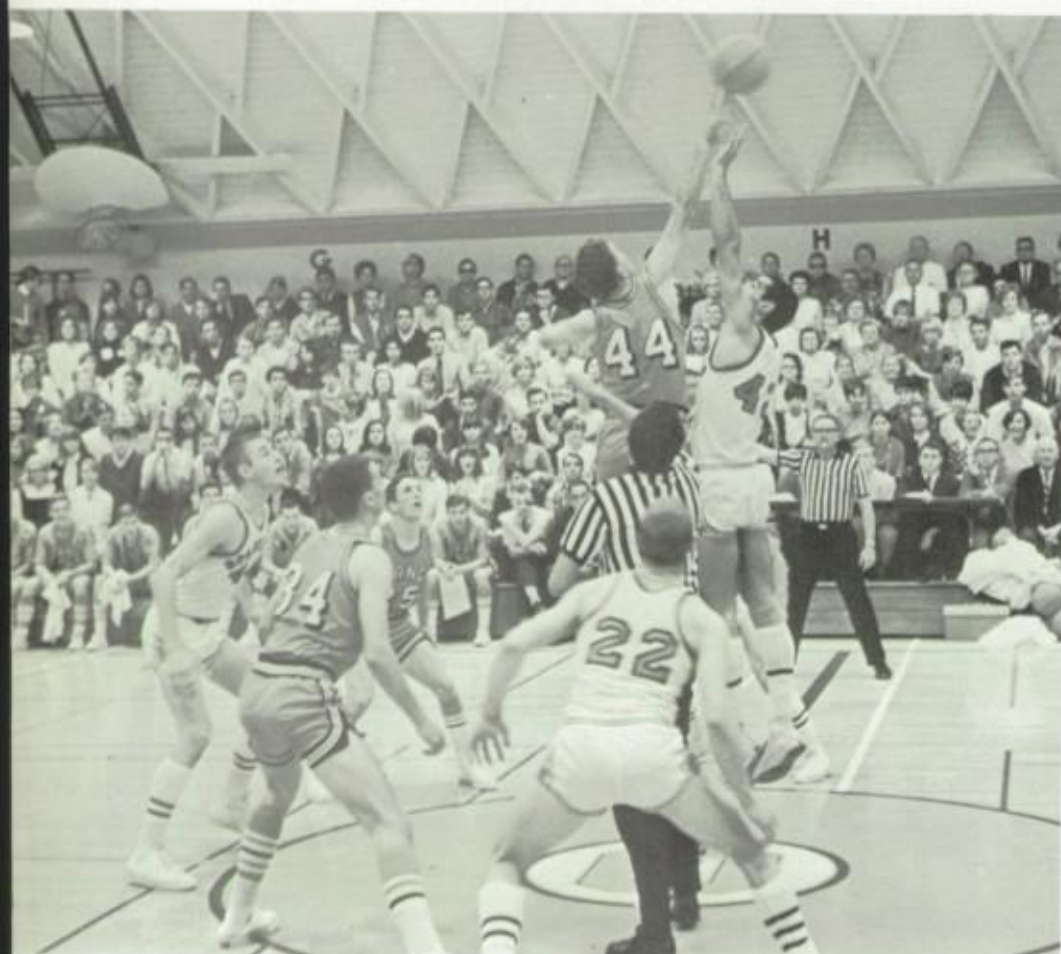

Coach Hamer enjoyed his 5th season in the C.I.F. competition. Leading his varsity cagers to an 18-8 record and to the second round playoffs, he considered this year's ball club his most satisfying.

Orange High's Varsity matmen, paced by Captain Lou Petty who also was selected Most Valuable Wrestler, placed third in the tough Crestview League. Fine coaching by Mr. Rod Riehl and Mr. William Colmar accounted for the good performance of the Panther grapplers.

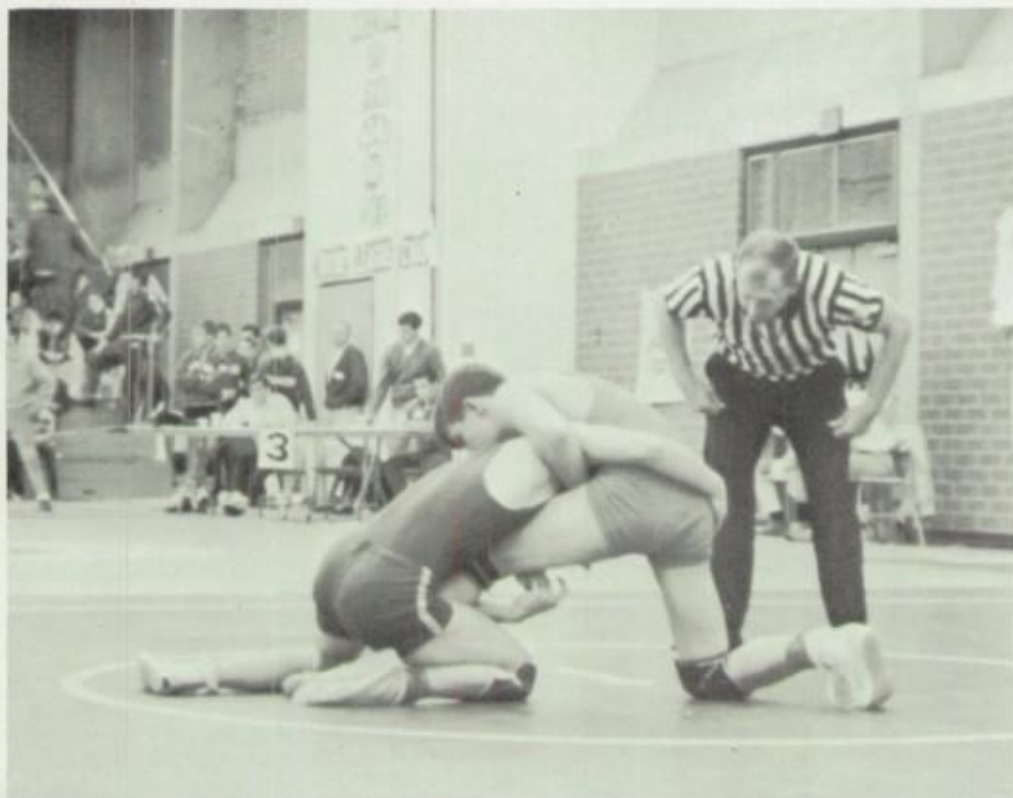

The Varsity squad was led by outstanding wrestlers including Lou Petty, Kevin Robinson, and Rick Westerguard—each entering CIF competition.

Both Varsity and JV wrestling matmen finished the season with five wins and five losses. However, next year many top wrestlers will be returning and the outlook is very good.

Whether playing volleyball, basketball, tennis or such sports, members of the Girl's Athletic Association always seem to be raring to beat the opposing team. This year Carol Schroeder presided over GAA as president of the club. Assisting Carol in her large task was the GAA Executive Board. It was this group of diligent, hard-working girls that made GAA the success it was throughout the year.

Playdays with other schools were very rewarding this year. In every sport, the girls returned the victors; and who can forget the basketball playday with Villa Park when Orange defeated every single Spartan team!

GAA involved lots of other things, too. There was a fashion show and awards assembly at the semester. After the boy's basketball season, talented GAA members took to the gym floor one night and vanquished the El Modena GAA in a thrilling game. At the end of March, the club sponsored a Girl-Date-Boy dance; and then there was an off-campus award dinner which ended the 1968 GAA season.

Senior GAA members have many wonderful memories as they look back on the past three years. Their final year found them as lively and mischievous as ever—maybe more so. Many members of GAA are interested in tennis, an exciting individual sport. Those taking part in tennis put in many hours of practice and hard work.

SUPERINTENDENT OF SCHOOLS: Mr. Harold Kibby

Our chief administrator is the Superintendent of Schools, Mr. Harold Kibby. His job is most important. He is responsible for overseeing all the schools in the Orange district and making many of the major decisions. Mr. Kibby started here in 1937 as a business teacher. By 1942 he was vice-principal at O.H.S., and later, in 1948, he advanced to principal. Mr. Kibby was honored with his present position in 1953.

Citizens of our community form the capable, concerned School Board. They are elected to the board and work right along with Mr. Kibby. Setting a proper school policy and determining sound curriculum are only two of this board's many responsibilities.

PRINCIPAL: Mr. Verrill Townsend

PRINCIPAL: Mr. Verrill Townsend

A great deal is required of the high school principal. It takes a special type of person to get the job done. He must be able to shorten days into hours and hours into minutes. Mr. Verrill Townsend is the man who gets the job done. Constant pressures and difficult decisions are a part of his daily life. Being principal of Orange High has placed Mr. Townsend into many positions, a scholar, an educator, a leader, and many more. When a man invests 33 years in one institution, it confirms his capabilities and devotion.

Being assistant principal keeps Mrs. Grace Paulsen occupied with a great amount of work. She is responsible for improving the curriculum and evaluating the work of the teachers. Wanting to directly serve the student body, Mrs. Paulsen devotes time to Girls' League as head advisor. She contributes tremendously to the school, leading and inspiring.

ASSISTANT PRINCIPAL: Mrs. Grace Paulsen

Each office in the school is run

Many times throughout the year, a student meets with some of the fantastic people working in both the main office and personnel office. The title of assistant principal belongs to Mr. Surles. He has a most difficult job of supervising discipline and student activities. Often he must spend his whole day holding meetings with student's parents. Those who know him, find Mr. Surles to be a great guy to be around.

All of the secretaries, office workers, the school nurse are essential to the function of O.H.S. Each one is a warm, friendly person, whom we, the students, owe a big "Thank-you."

If one student was to look in the A.S.B. council meeting one minute and then wander through the lunch area the next, he would undoubtedly see Mr. Jackson in both places. As activities director and attendance supervisor, Mr. Jackson is hard to find. He is one of the most helpful men on campus and a great asset to O.H.S.

The Attendance Office always sees a lot of action. Mrs. Rice and Mrs. Gerdes are two friendly, energetic people—but one has to be pretty quick to forge a note.

One of the best and oldest libraries around is the Orange High library. Our school librarian, Mrs. Field, makes sure that the handling of books and other reference materials goes smoothly. Mrs. Lex and Mrs. Bonser assist as library clerks.

The most familiar part of the campus is the gym area. Every student is required to participate in physical education once a day.

In the girl's athletic program, there is a choice between team sports or individual sports. With a recommendation by a teacher, drill team, advanced modern dance, or G.A.A. is available for girls. It's always nice to have a choice and do something you like.

The boy's athletic department offers almost every sport—football, basketball, track, baseball, volleyball, wrestling—making available to the boys a large variation to choose from. All of the O.H.S. teams rated near the top in the league.

Other people help us in many ways.

Left to right: Frank Harper, Rex Mace, Gerald Hutchison, Melvin Pendercraft, and Eugene Allee.

Mr. George Huck is our most understanding parking lot attendant.

From dawn to dusk every day there are some people busy at work that O.H.S. students hardly ever see. However, we depend on them to make our school days pass by with no unnecessary discomforts.

The bus drivers and our new parking lot attendant are here at the dawn and dusk hours of school. Transportation problems are handled quickly by them.

The cooks and cafeteria staff plan and prepare the meals in the cafeteria and snack bar. Their hours are neatly organized, in order to get meals ready on time each day.

Many students are fairly well acquainted with the custodians here at O.H.S. in the day, but there is also a night staff that do a great deal of work. All of these men do a good job of cleaning up the campus.

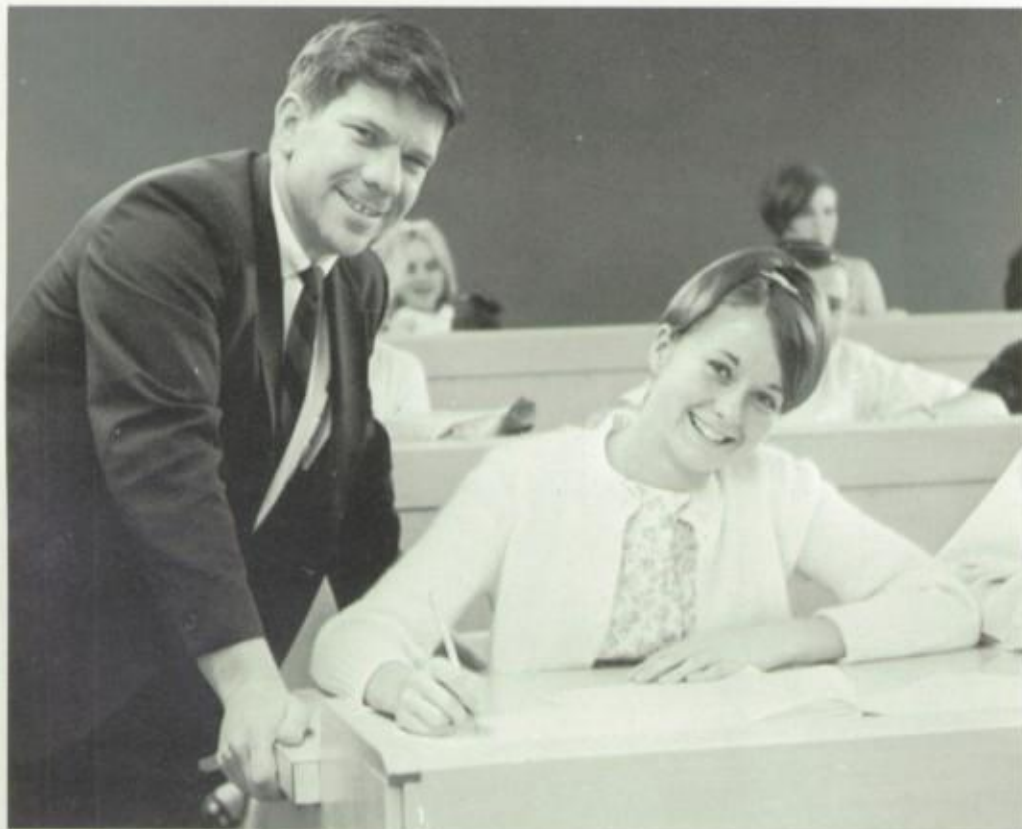

They drive, cook, and clean for us.

CAFETERIA STAFF: Mrs. Adkinson, Mrs. Muller, Mrs. Sadberry, Mrs. Diets, and Mrs. Smith.

CUSTODIANS: Row 1: Willie Schooler, Bill Gilmore, Albert Rhodes, Percy Bassett, Jose Fernandez, and Charles Loffler. Row 2: Guilivaldo Ruiz, Otis Betterly, Cleve Selby, Manley Lynn, and Melvin Cowan.

Mr. Mangum is fun to be around even if it is during a test.

Most Fun To Be With. . .

Mr. Fred Mangum, one member of the biology teaching team, was chosen "Most Fun To Be With" teacher. This was decided because of his warm sense of humor and charming personality.

Mr. Paul Woods, speech and drama teacher, was granted the title "Most Spirited." He faithfully attends all the games and keeps a close tab on all school activities.

Most Spirited. . .

Mr. Woods displays some of his school spirit.

Most Understanding. . .

There is one teacher who is so kind and helpful with students and their problems that she was chosen "Most Understanding" teacher. This lovable person is Mrs. Eva Toland, who teaches English and handles third period study hall.

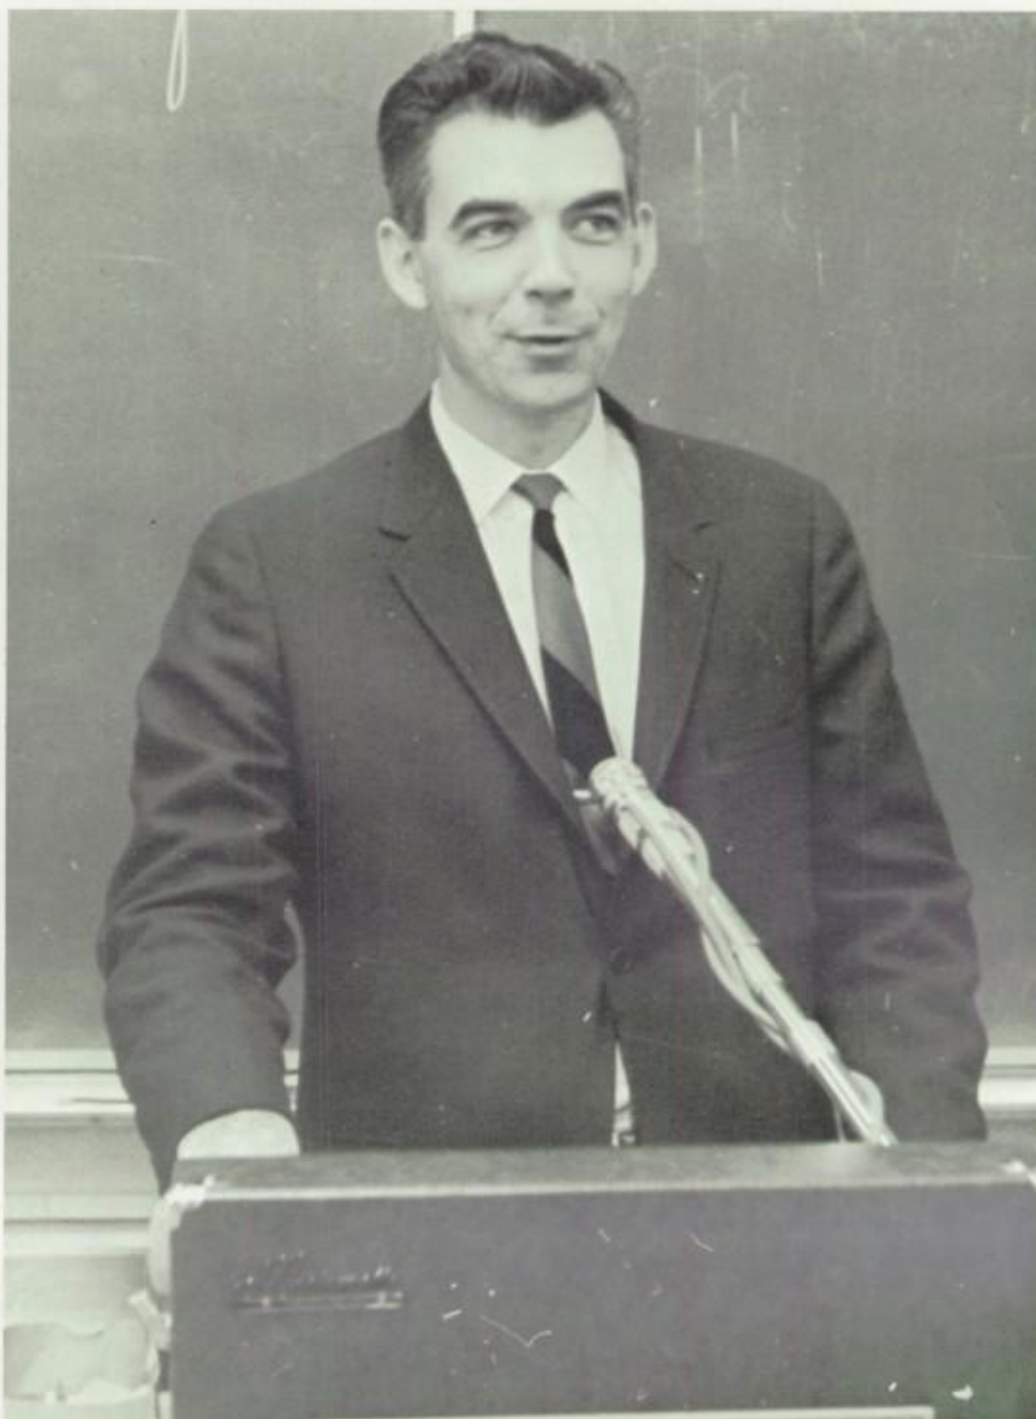

Joe Churchward discusses a problem with Mrs. Toland.

Teacher of the Year

"Teacher of the Year" award went to Mr. Vergil Hettick. Mr. Hettick teaches biology and physiology. He is also the advisor for Science Club. He became a teacher because he likes working with people and enjoys his subject area.

Mr. Hettick was chosen for this honored position because he is the all-around teacher, in other words, he fits in all the categories of the Teacher Superlatives. While being understanding and cooperative, he is also spirited and fun to be with. Mr. Hettick—our ideal teacher.

Mr. Hettick expounds during one of his interesting lectures.

Mrs. Blair helps Diana Hamer with her term paper.

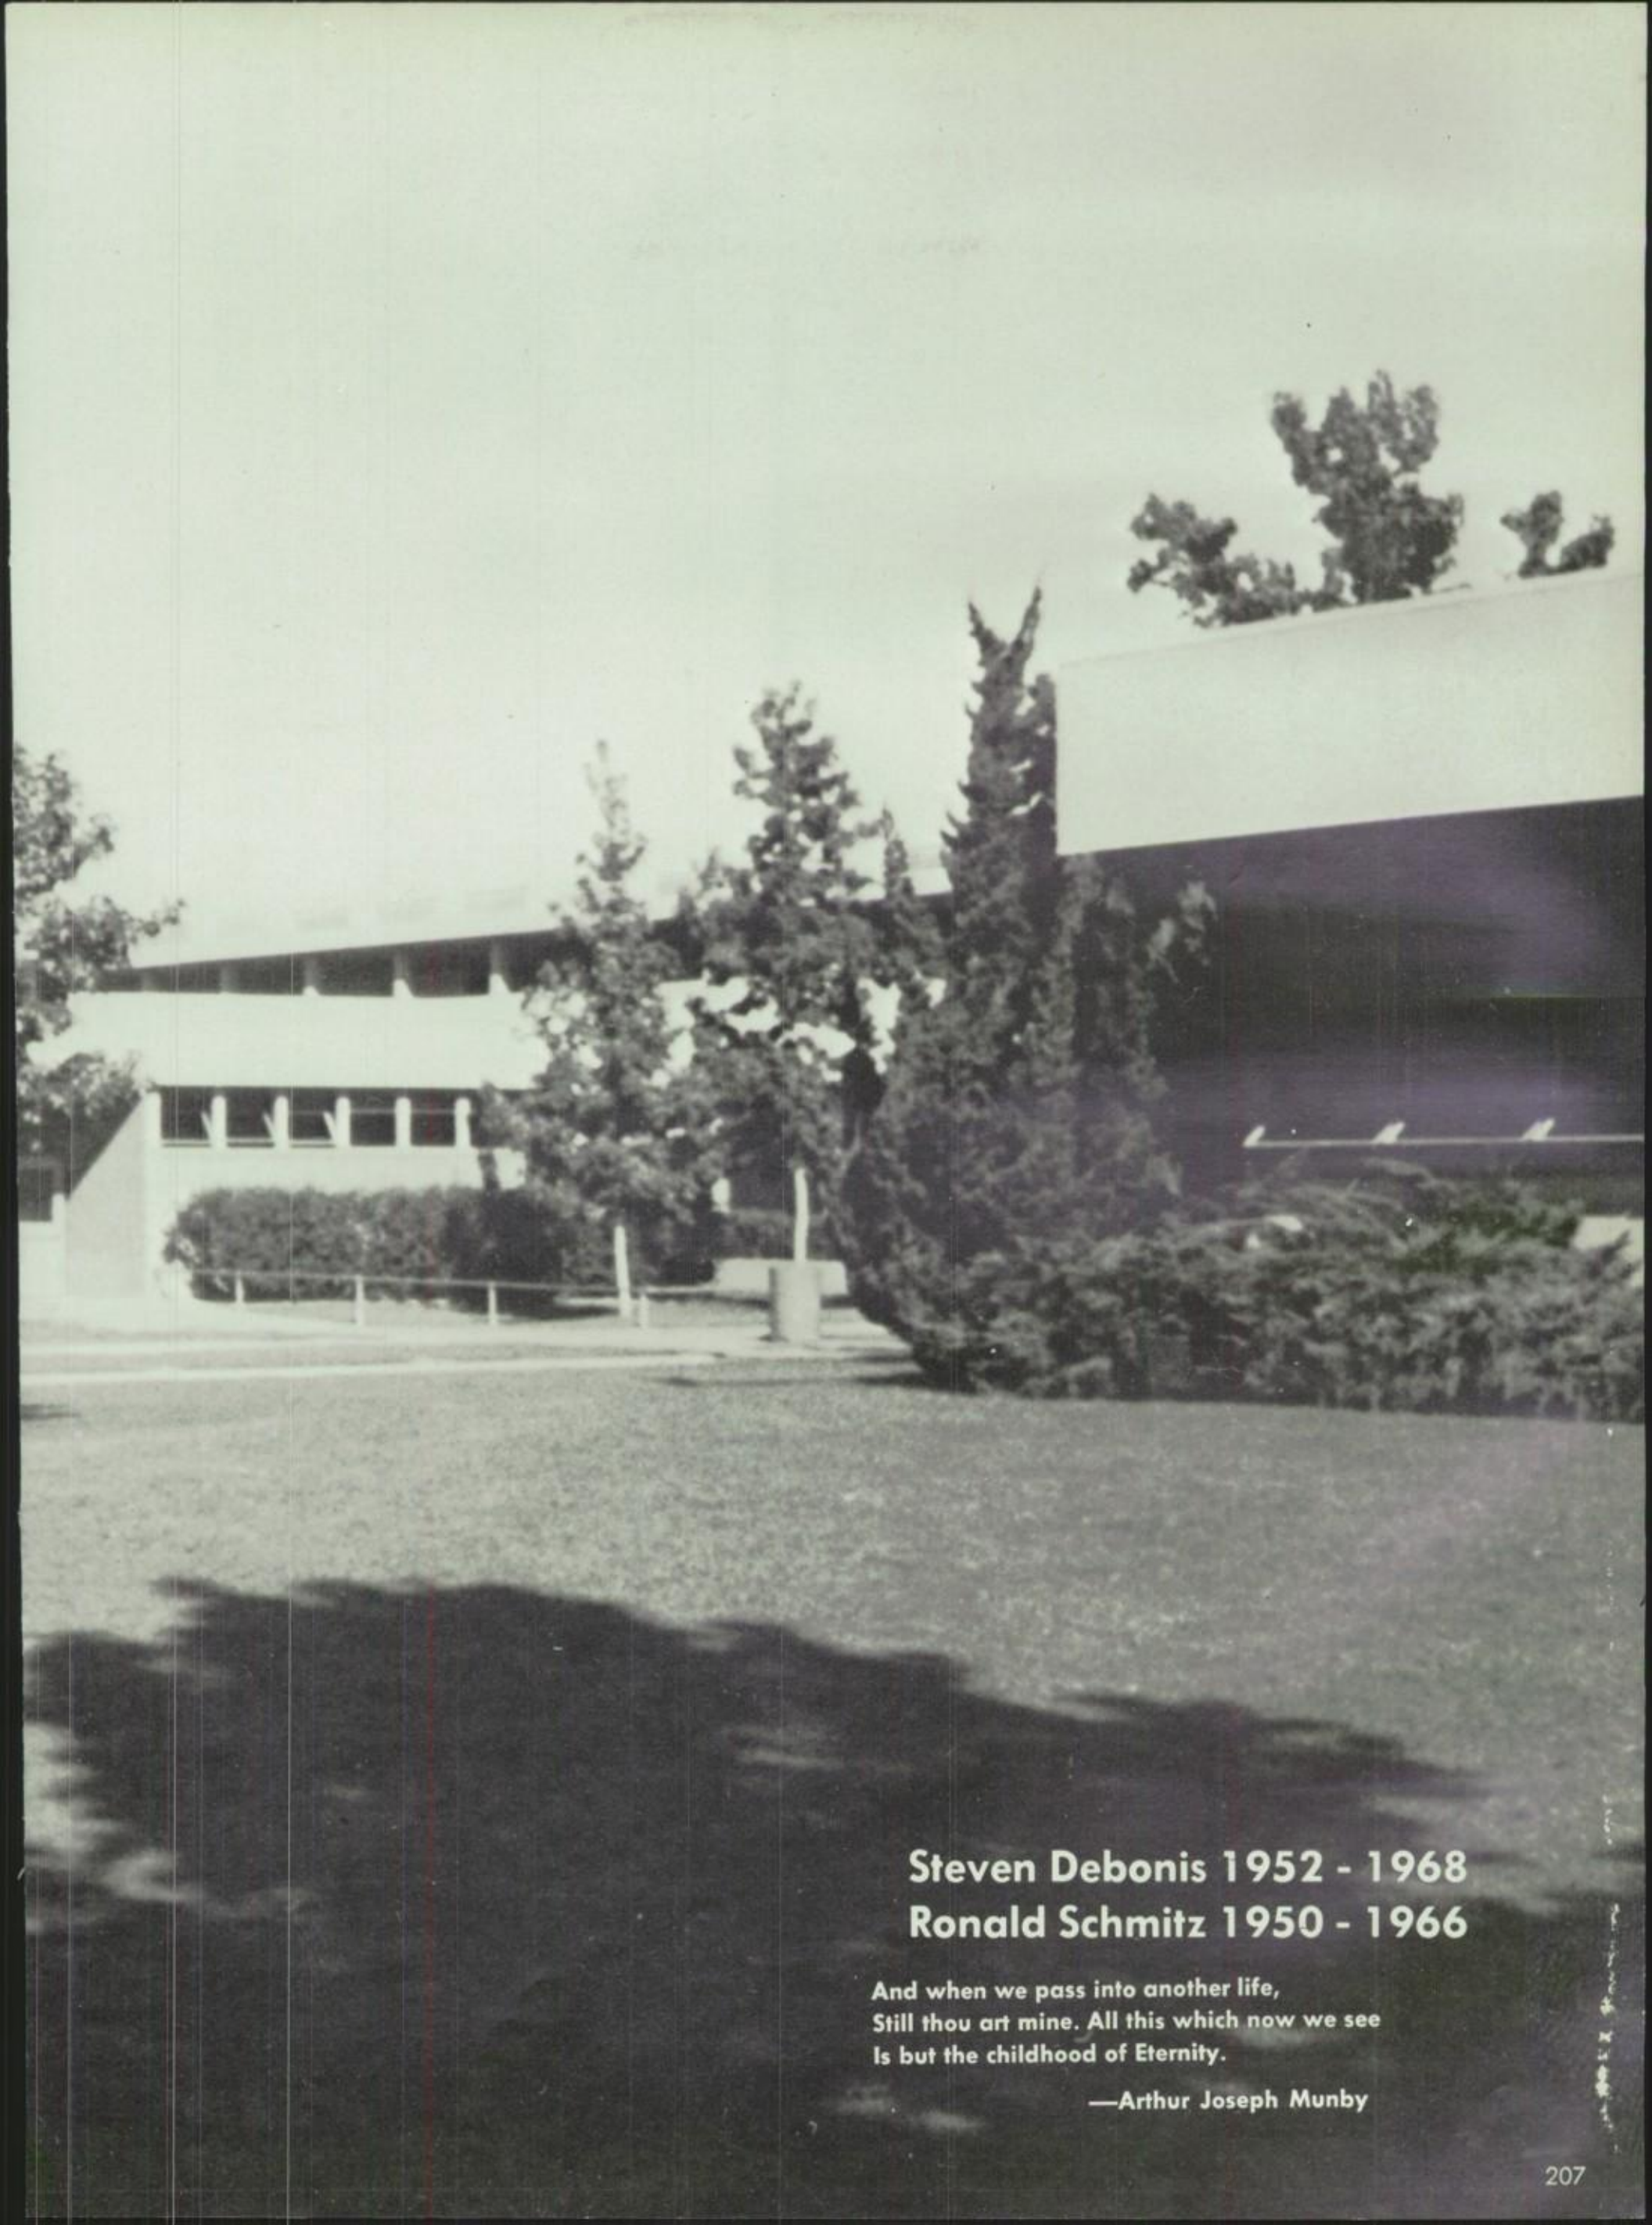

Most Cooperative. . .

The title of "Most Cooperative" was bestowed upon Mrs. Katharine Blair, English IV teacher. Mrs. Blair has taught at Orange High for 18 years and is now ready to retire. When asked what her reflections were on retiring, Mrs. Blair commented, "Oscar Wilde has said, 'Memory is the diary that we all carry about with us. If this is true, the memory of my thousands of days at Orange High School is a rare volume, for the entries in it attest that I have received as much as I have given, learned as much as I have taught, and signed each entry with gratitude for the joy I found therein.'"

All of the faculty and students will truly miss Mrs. Blair.

Noontime sunlight represents the active Junior class. Caught up between the rising Sophomores and setting Seniors, the Juniors have completed two exciting years.

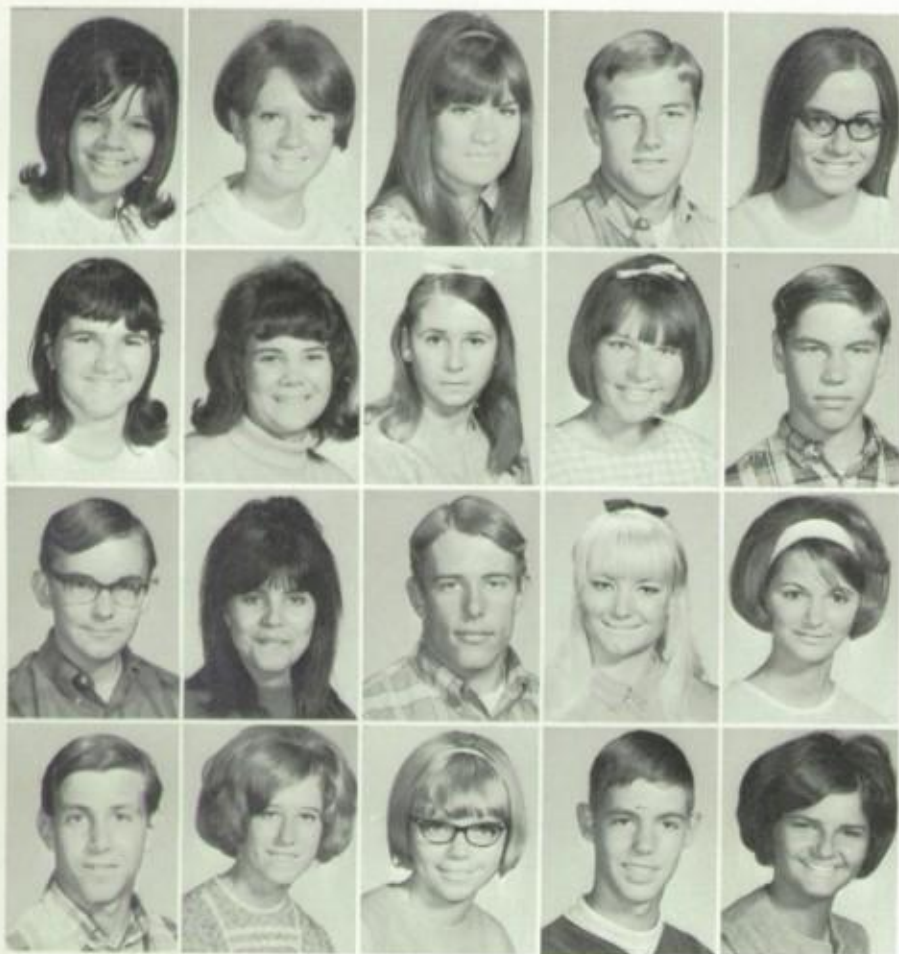

In the beginning . . . the first weeks of high school . . . a class president . . . and finally, acceptance from the upperclassmen.

Yet, that first year has passed and the second one is drawing to a close. As the afternoon begins to fade, the Juniors recall their year as being the best ever.

All of the work . . . junior testing . . . National Merit and PSAT tests . . . U.S. history and English III. All of the fun and excitement . . . driving to school . . . selecting a class ring . . . giving the sophomores a rough time . . . planning a successful prom . . . campaigning and electing the ASB officers for the next year.

And then the dusk approaches, bringing responsibility and challenge . . . it will be their turn.

Sophomores . . .

Quietly rising, the morning sunlight represents the newly fledged Sophomore class. Becoming involved and acquainted with high school life has kept the Sophomores observant and awake.

Looking back on their first year, Sophomores are reminded of many accomplishments and many frustrations. How can one forget . . . being lost the first day of school . . . selecting a class president for participation in student government . . . developing new interests by joining campus clubs . . . driver's training.

The morning sun is now quickly becoming afternoon. Sophomores are truly ready for their second year.

Just as mystery and uncertainty accompany the setting sun, hope and assurances prevail in the brilliance of the morning. Juniors and Sophomores have been accustomed to the secure-ness of their high school years. They have known the warmth and security of belonging. Yet, do they realize its value?

Underclassmen, you have experienced only this hope and assurance. As dusk falls and your Senior year ends, you will face the mystery and uncertainty of a new, different life. Live your Senior year to its fullest, because the sun will set all too soon . .

FOR A SECURE FUTURE . . .

Knowledgeable students put their savings to work. They put it in a sound Savings and Loan account to let their money draw excellent interest rates.

This interest is compounded to insure a sizeable "nest egg" for future use.

Also, these students are in an excellent position to secure a home loan, a business loan, or loans on important real estate developments.

**In
appreciation
for your
patience,
cooperation, and
understanding.**

Mr. Townsend . . . for all of his help, especially in arranging with the faculty to have club pictures taken one day.

Mr. Hubbell of the Taylor Publishing Company . . . for his advice and helpful suggestions.

Albert/James Photographers . . . for their patience and cooperation in processing the pictures that made our Annual possible.

All of the faculty . . . for their complete cooperation throughout the year in helping us produce the Annual and excusing students for club pictures.

Mr. Craig . . . for his fine leadership and patience in helping print the **"Orange and White."**

Mr. Hamer . . . for assisting with the scores and bringing the Crestview League Basketball Championship to Orange.

Mrs. Blair . . . for being "Most Cooperative" and letting Roberta Bryant and Roger Hobbs make-up work.

Miss Stratton . . . for loaning us her typewriters so that we could complete our copy.

Custodians . . . for cooperation in all our activities and for opening the ticket booth constantly.

Mrs. Rice and Mrs. Gerdes . . . for being so understanding and letting us in and out of school.

Mrs. Beutler . . . for cooperation in announcing the awards and scholarships

Merchants of Orange . . . who supported our book by buying ads.

Mrs. Dora Pierce . . . for typing endless Annual announcements in the Bulletin.

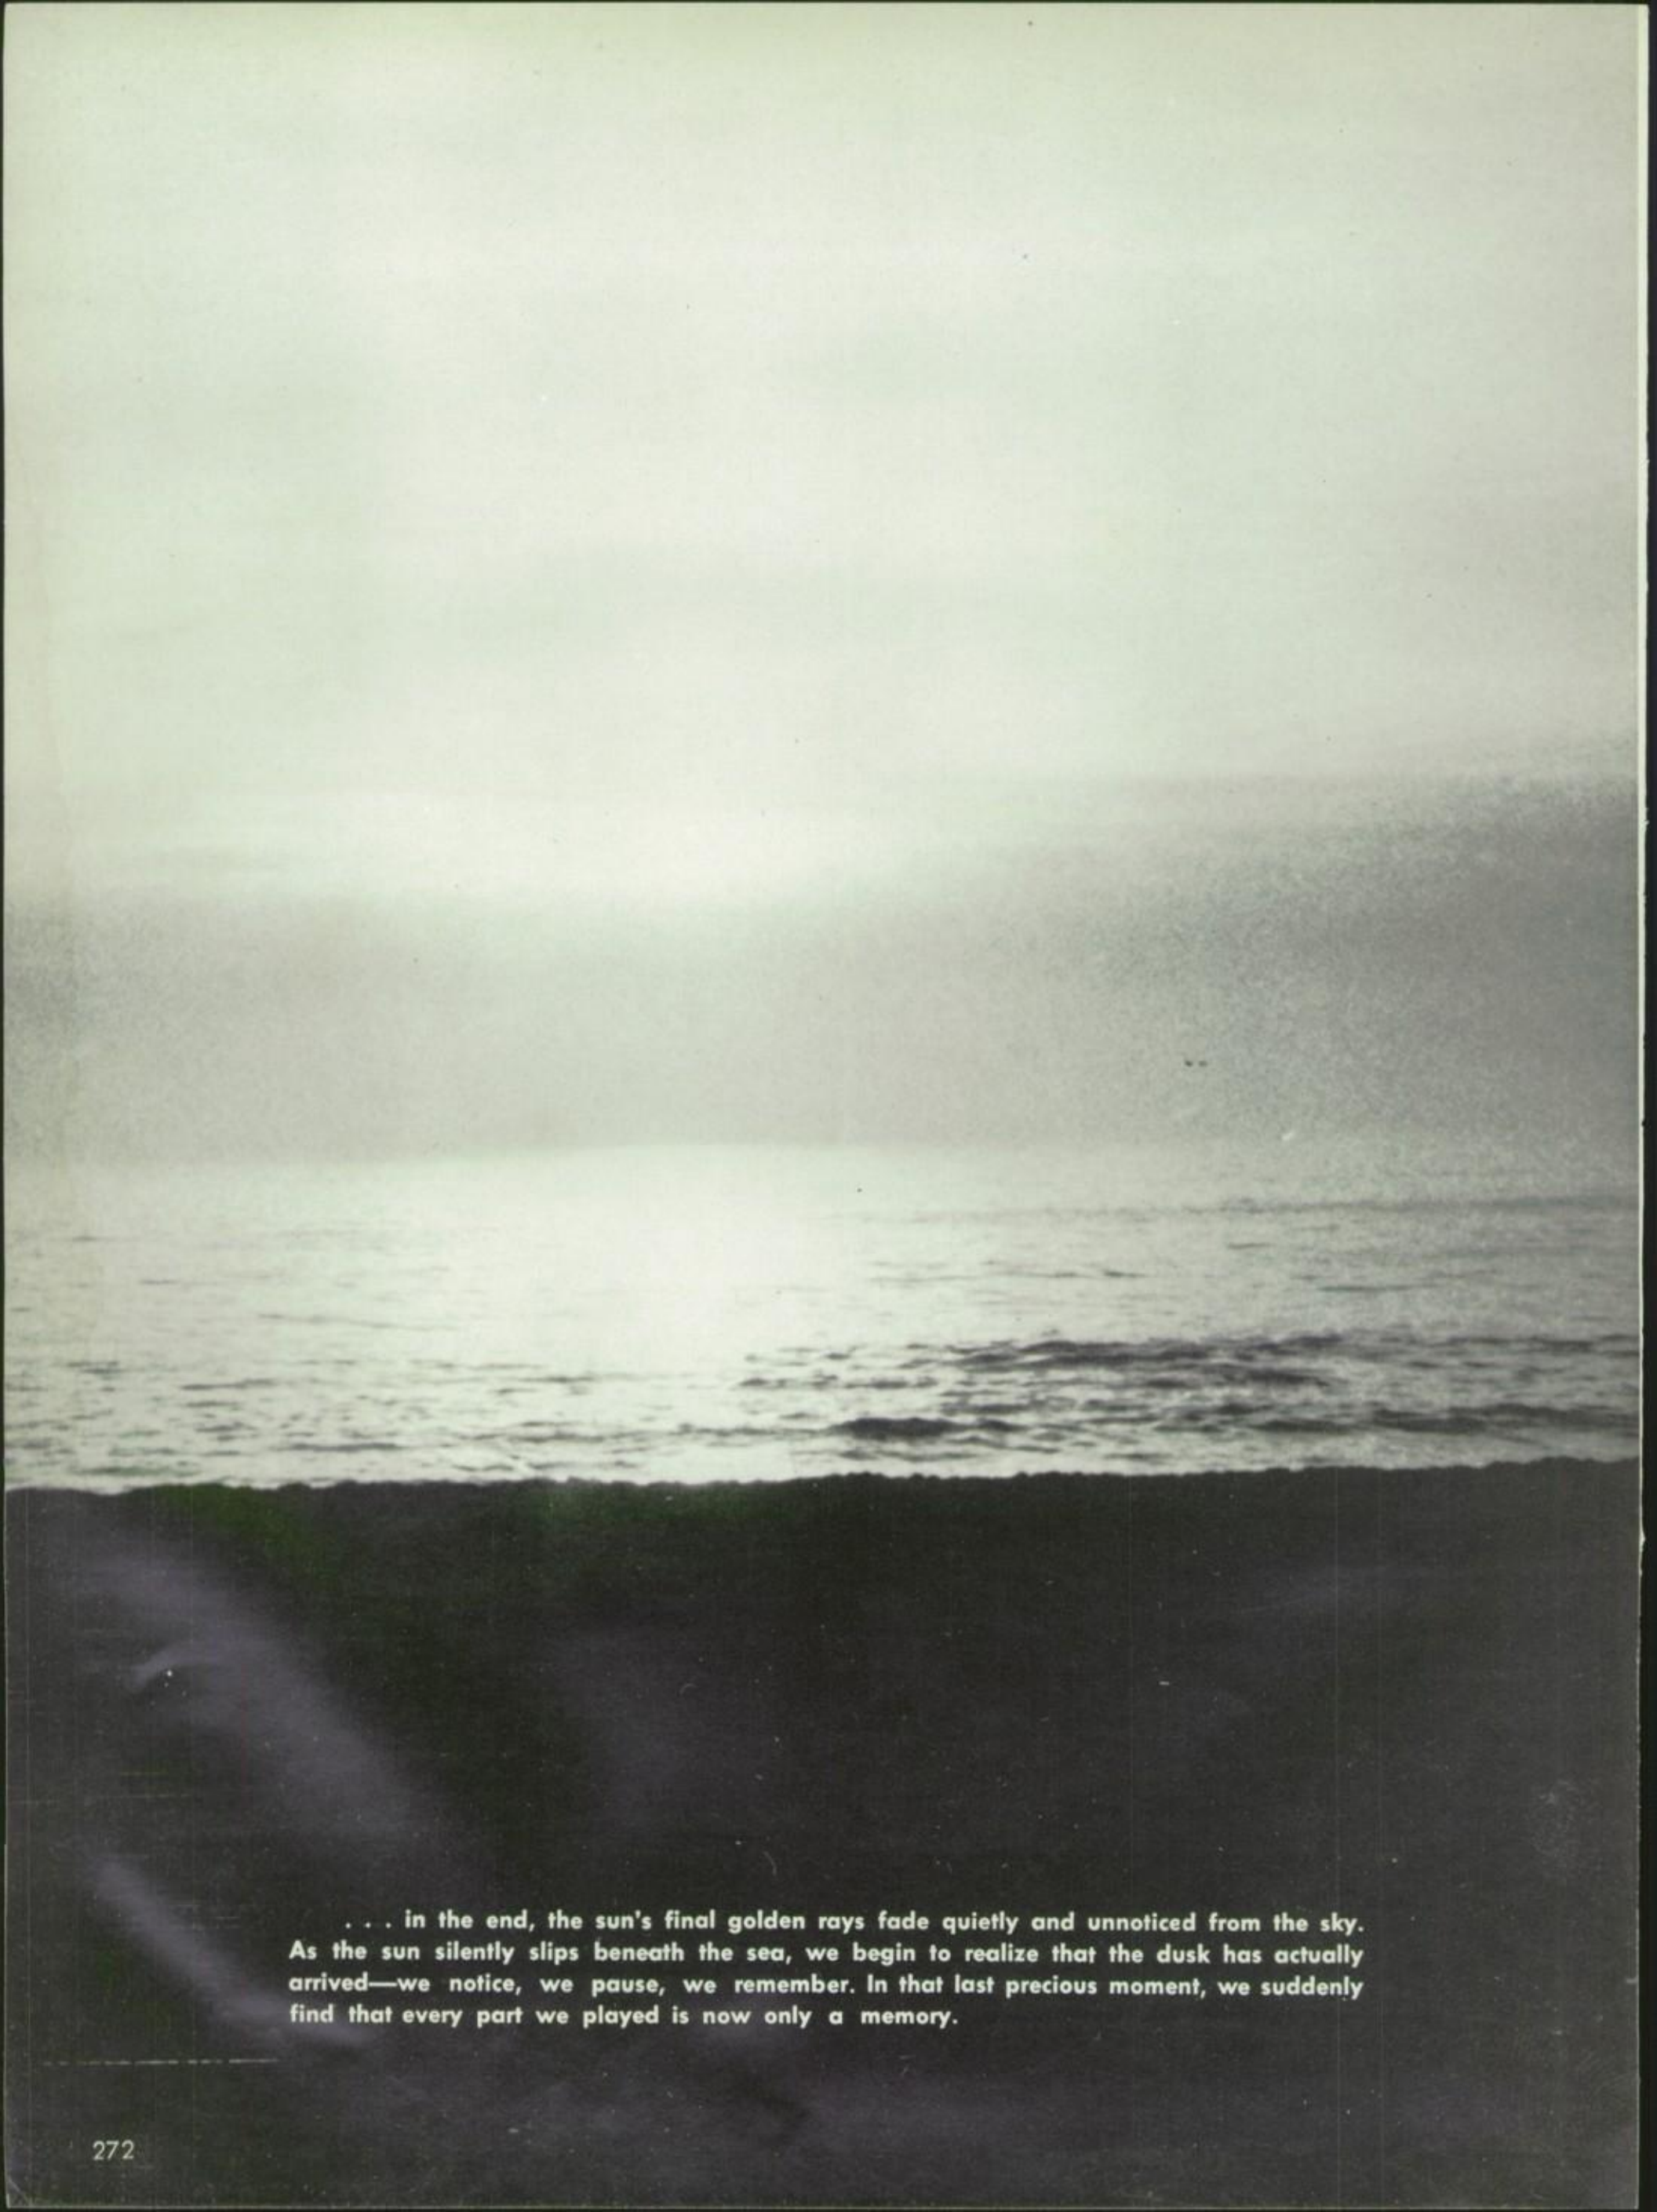

Mrs. Arnett . . . for going through her records to find information we needed.

Mr. Huck . . . who let us in and out of the parking lot to conduct Annual business.

Orange News . . . for letting us use their fire pictures.

Mr. Gates . . . Albert/James photographer who went out of his way to take the "beach" pictures and our color pictures.

The Student Body . . . for supporting us by buying Annuals and allowing us to take their pictures.

. . . in the end, the sun's final golden rays fade quietly and unnoticed from the sky. As the sun silently slips beneath the sea, we begin to realize that the dusk has actually arrived—we notice, we pause, we remember. In that last precious moment, we suddenly find that every part we played is now only a memory.
